Over the ear oxygen tubing making sensitive skin raw and sore?

“Ouch!”

- Relieve the pain
- Prevent infection
- Improve compliance

“What a relief!”

- The SavEar Head band is a soft knitted blend of nylon and Lycra® with a patented foam lining.
- Increases comfort with cool, breathable fabric.

- Comes with twin Tube Tackles that attach to the band and grip the tubing.
- Eliminates slippage and bulkiness with a firm hold and slim, form-fitting design.

Not made with natural rubber latex or DEHP
